—Mr. Eugene Rich went to Chicago yesterday to report for duty at the headquarters of the Northwestern railway company. He returns to his old post of duty with the best wishes of a legion of friends.

—We have been requested to state, for the good of all concerned, that those half grown lads on South Main street who are fast making a nuisance of themselves by stealing into neighbor's premises and wantonly tearing off flowers, breaking glass from windows in barns, sheds, and wherever they think they can elude a stone and not be detected, that they are well known, and for their own good, will not be tolerated much longer. No mere threat is intended, but some of the grievous parties mean business, according to the revised statutes of Wisconsin.

Postoffice Hours

In accordance with the recommendation of the postmaster general, the postoffice will be closed on Memorial day May 30th, between the hours of 10 a. m. and 5 p. m.

H. A. PATTERSON, Postmaster.

The Weather.

REPORTED BY PRENTICE & EVENSON, DRUGGISTS

At seven o'clock this morning the thermometer registered 52 degrees above zero. Partly cloudy with a northeast wind.

At 1 p. m. the register was 72 degrees above zero. Partly cloudy, light northeast wind. For the corresponding hours one year ago the register was 52 and 67 degrees above zero.

WASHINGTON, May 20, 1 a. m.—The following are the indications for to-day:

Upper Mississippi Valley and Upper Lake Region—Colder, clearing weather, winds mostly northwesterly, and generally higher pressure.

Now or Never.

If the people of Janesville and vicinity are desirous of witnessing first class and honestly conducted races between horses of well known speed, they will have an opportunity of showing it next week.

Cities of this size in other states have given trotting meetings for years with great success, and there is no reason why Janesville with its unsurpassed mile track, central location, and so on should not establish a similar reputation.

With this end in view, some of our enterprising citizens have organized an association and take upon themselves the responsibility of offering liberal purses.

In order to abolish all crookedness and compel the best horse to win every time, they have gone to the expense of joining the National trotting association, under whose rules the races will be conducted.

This will do away with all wrangling between judges and drivers so customary on our fair grounds heretofore, as drivers who do not follow the rules are not only liable to fine, but expulsion from all tracks belonging to the association.

Horses will be called for the first race promptly at 2 p. m., and there will be no unnecessary delay between heats.

Special police will be on hand to preserve order, and the committee of arrangements will spare no pains to afford just as good amusement for the public as can be had in Chicago or any of the large cities, and at a much less cost.
